Gila Bend Notes.

Frank D. Welton and T. R. Gage are in the city from Gila Bend.

Mr. Welton reports that his town, though quiet, is becoming a point for the outfitting of many parties of miners and prospectors, bound for the rich mineral country lying near the Gila Bend. Much interest is being taken in the Ajo mines recently bought by Cardigan & Co. There is also considerable traffic between Gila Bend and Northern Sonora, through the custom-house at Santo Domingo, ninety miles south. The road is a good but a desolate one, there being a stretch of fifty miles without water.

Antimony Ledges.

[From the Yuma Sentinel.]

The antimony ledges, of which several have been discovered in this county, are likely to prove valuable if the mineral remains at what it is now quoted. The uses of antimony continue to increase, whilst the output from the older mines is steadily decreasing. The antimony veins found in this vicinity are large and the ore of high grade. An effort will be made to make a practical test of shipping the ore for reduction.

Gaging the Mexican Tarantula.

[From the Nogales Herald.]

A tarantula as large as a Tucson girl's left foot is on exhibition, at the International Drug Store. It was captured at Carls, while in the act of tampering with the key-board in Chief Dispatcher Pearson's office. It is the regulation size at Carls.

THE MARKETS.

New York Stock Market.

NEW YORK, July 15.—Stocks today were firm but dull. The feeling upon the grangers is improving and is based upon expectation in increased earnings from larger crops to come to market over those lines. The general list throughout the day failed to move. Opening gains were sufficient to cause most of the stocks to close slightly higher than last evening. Sugar is the only stock showing material decline, its low being 1 1/2 per cent.

Governments, steady.

Petroleum opened at 88 1/2 for spot and 88 1/2 for August. The market remained dull all day, closing practically unchanged from opening.

ATCHISON, TOPEKA & SANTA FE

RAILROAD COMPANY.

"SANTA FE ROUTE."

Excellent Train Service.

The present schedule of train service on the Atchison, Topeka and Santa Fe, from El Paso and Deming, is an excellent one.

A fast express connecting with the Southern Pacific leaves El Paso and Deming, early each afternoon, making the run to Rincon, and from Wallace to La Junta, by day light, arriving at Kansas City evening of second day and Chicago morning of third day after departure. This train carries Pullman palace sleepers from El Paso to Kansas City, and Los Angeles, to Chicago, with Pullman tourist sleepers, Los Angeles to Kansas City, making direct connection at La Junta, for Pueblo, Colorado Springs and Denver. And at Burton, for St. Louis via "the Frisco line," which is now a part of the Santa Fe system, an additional Pullman sleeper is attached at Las Vegas, running through without change to Denver via Trinidad and La Junta.

"The Santa Fe route" aims by its fast time, fine equipment and reasonable rates to merit the patronage of the traveling public. For further information address C. H. Morehouse, D. F. & P. A., El Paso, Texas.
